west of Arvada.

Dear Violet Grower:

This introduces our third list, and is composed of the newest and the best of many varieties. We have over 700 varieties growing in our collection, altho this list is composed of only the ones which have proven most popular with our customers. We have many new varieties which we feel are inferior or duplicates (or untested). These we have omitted herein.

PLEASE WRITE FOR QUOTATIONS ON ANY VARIETY YOU MAY DESIRE TO OBTAIN.

Our Master List #1 is still available and we have the leaves of most the listed varieties, unrooted.

POLICY:

All unpriced leaves are 35¢ unrooted, and 50¢ rooted. The varieties marked 75¢ is for rooted leaves, (60¢ unrooted).

POT PLANTS:

All pots are \$1.50 each, and we will allow credit for any pot or plants which sells for less at the greenhouse.

POSTAGE:

Please add 50¢ per order for postage and handling on all orders under \$5.00. Add 20¢ per pot for pot plants. We will pay ordinary postage on all leaf and rooted leaf orders over \$5.00.

Please enclose \$1.00 for Airmail if you live at a distance, instead of 50¢. We will add extra leaves for excess Airmail. Packages leaving Denver 5 P.M. Tuesday have been delivered in N.Y. Thursday A.M.

Rooted cuttings available on special order.

DAMAGE IN SHIPMENT

We try to insure all packages, unless sent first class, and therefore any damage claims must be taken up with your postmaster. He will not allow claims for frozen leaves, or plants; therefore we will ship during December thru March only when our weatherman says it is safe, or by Rail or Air Express, when You request that service. (Collect)

RED CLAY POTS:

We have a complete line of clay pots, but it does not pay the customer to purchase less than 100 pounds. Send your want list and we will estimate the number of each size pots needed to total more than 100 lbs, the minimum freight charge. Why not pool an order?

AFRICAN VIOLET SOIL

We mix our own and sterilize it. It is packed 3 quarts to a plastic bag (6-7 lbs) and sells for 59¢ plus POSTAGE. We will ship 15 bags for \$6.00, freight collect (approximately 100¢).

OUR SPECIAL ROOTING MIX

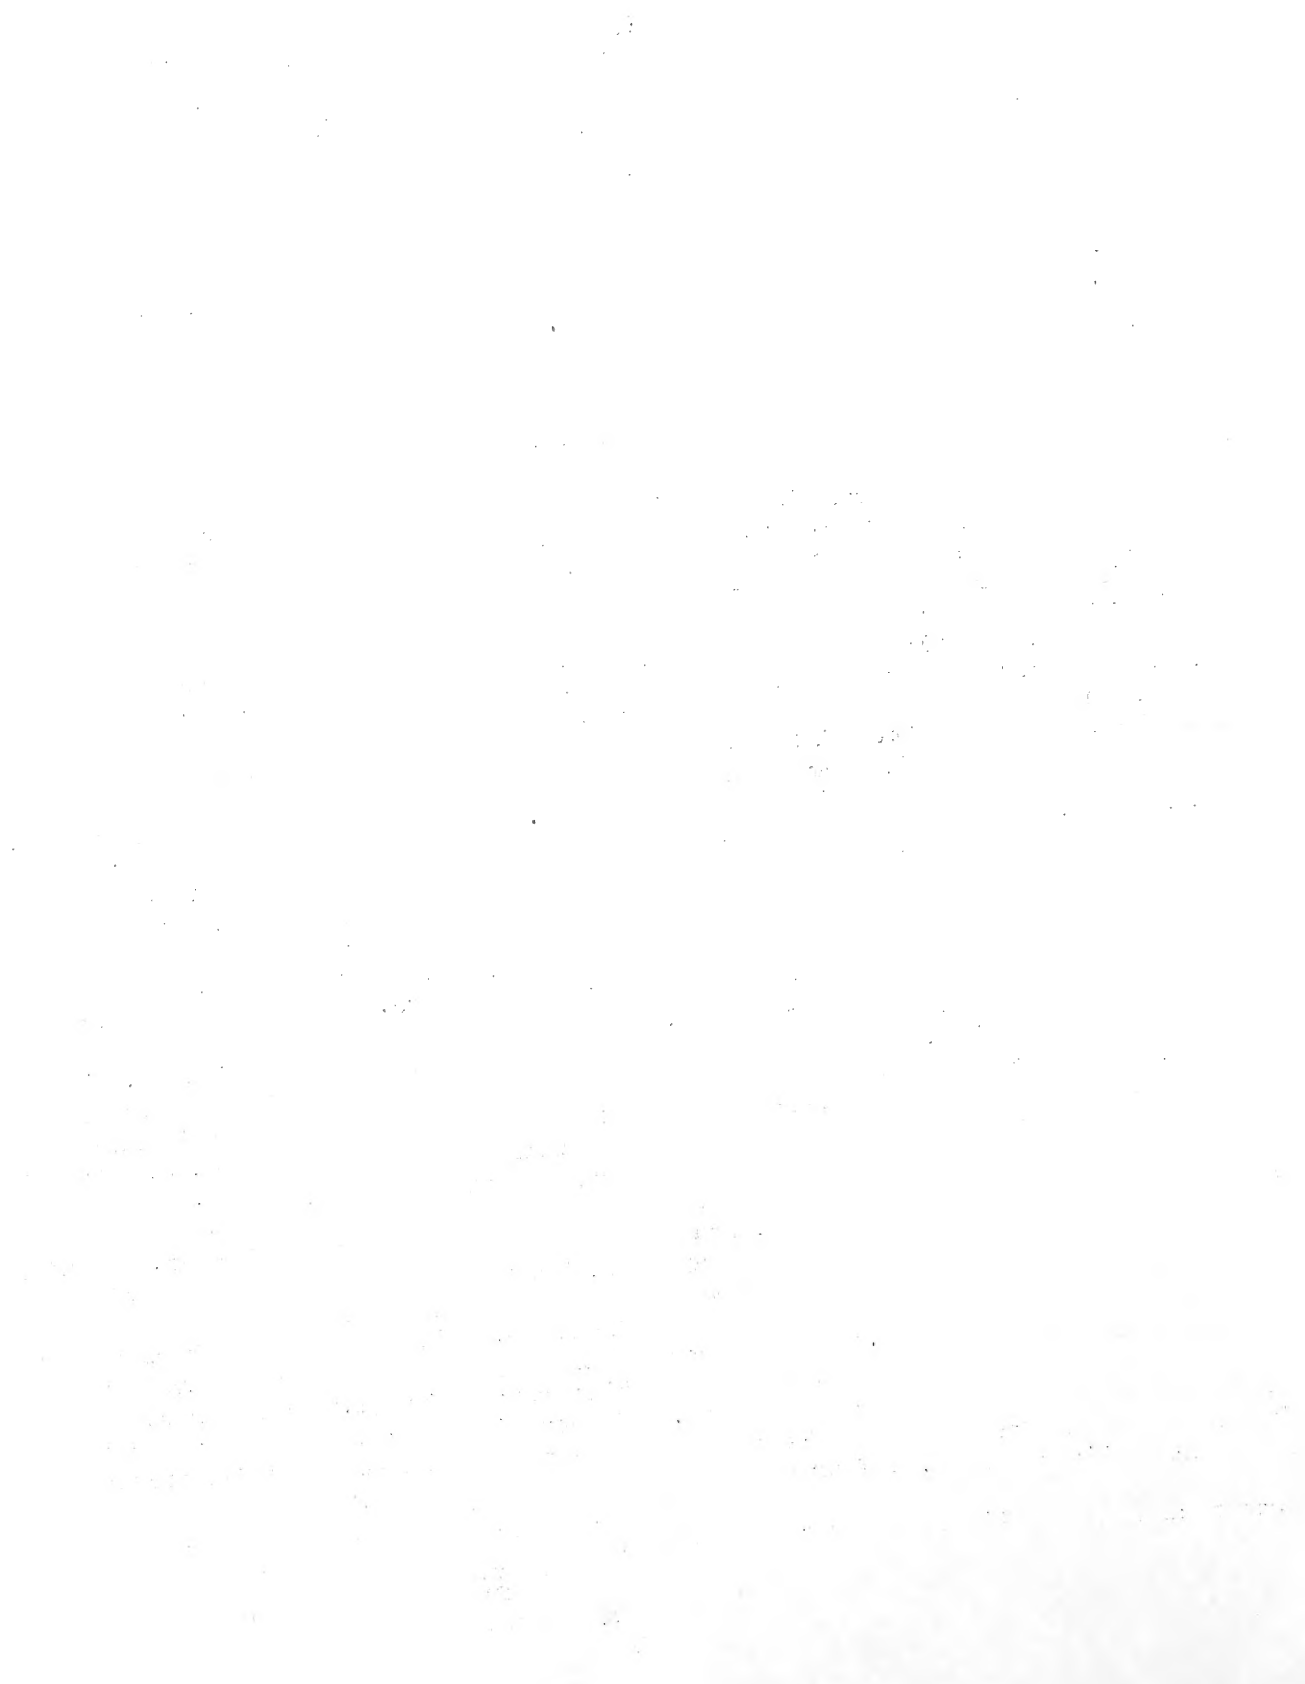

We use this for all our leaves. We will mail a 2 quart bag anywhere for 50¢

PLANT MARKERS

We use 4½" white plastic markers and like them very much. Never rot & are reusable. They retail for \$1.20 per hundred postpaid. If you wish we can return small refunds in stamps or in these useful markers!

LOCATION:

We are located between Golden and Arvada. From DENVER or the east it is easiest to reach us from Arvada. We are 4.3 miles from Wadsworth Ave., On Halston Or Hiway 72.

Golden, Colo.

THE SAINTPAULIAN

A magazine written and edited for the beginner and amateur.

TWELVE issues for TWO DOLLARS (\$2.00)

In October, and every month thereafter former Professor John S. Coryell plans to edit and print a paper containing information on all phases of African Violet culture, from starting a leaf to winning a ribbon at the show.

The SAINTPAULIAN is named for the African Violet; Saintpaulia, and will bring you the complete story of African Violet growing, and will include stories and articles about other houseplants as the demand develops.

Each issue will be divided into several sections:

- One will describe and exchange information concerning old varieties.

- One will discuss the newest varieties offered to the public.

- One will report notes taken from our variety collection, which still contains over 700 varieties (and we have discarded about 750 as similar and duplicate names and varieties). There are yet about 1800 we have not grown.

- One section will report notes on varieties from our readers.

- One section may report other opinions and Problems of the readers.

- One section will be devoted to growth problems. Leaf cuttings, rooting mixtures, water, temperature, light, diseases, soils, and fertilizers.,etc.

SEND \$2.00 to "THE SAINTPAULIAN" Box 388, Golden, Colorado for 12 issues.

"Professor" Coryell has taught at a midwestern college and understands the problems and can explain them clearly. He has spoken before the National African Violet Club, and is vitally interested in helping more people grow good violets to perfection.

The Saintpaulian will be written expertly, true to scientific facts, but will also report fancies...and will be worded so that the beginner, the amateur and the expert can understand and derive benefits from each issue.

THE SAINTPAULIAN is offered to you as a service, and the TWO DOLLARS asked for 12 issues will not pay for more than stencils, paper, and postage. Labor will be supplied by the GOLDEN GREENHOUSES "staff", gratis, with the hope that increased knowledge, and fewer variety names will increase your pleasure and thus lead to more people growing African Violets.

REMEMBER: SEND \$2.00 at once to "The Saintpaulian" Pox 388, Golden, Colo. if you wish to receive the first copy and the many to follow.
